Transferring your service plan

This service plan is fully transferable to a subsequent owner if you decide to sell your vehicle before the plan comes to an end, provided that you have made all the payments. You and the new vehicle owner will need to advise us of the transfer in writing within a period of 21 days following the transfer of ownership. The purchaser must also agree in writing to be bound by the terms and conditions of this agreement. The agreement is non-refundable and non-transferable to another vehicle.

For further information please call the Customer Services Centre.

WHEN YOUR SEAT NEEDS A SERVICE

- / When your vehicle requires a service please contact your local SEAT Dealer to book your vehicle in. Please book in advance, where possible, to ensure your appointment isn't delayed during busier periods. To find your nearest SEAT Dealer, visit seat.co.uk. When you're making your booking, remember to mention that you have a service plan. Service under this scheme can only be obtained from a SEAT Dealer or authorised SEAT repairer in the United Kingdom only
- / The service advisor will contact us for authority to carry out the work required and you will be asked to sign only when the job is complete
- / Please ensure that the servicing centre stamps the service book

Please note:

- / If you ask the SEAT Dealer to carry out any work not included within the recommended service plan, you will have to pay for it when the work is done
- / Any services or work not carried out before the contract end or mileage limit cannot subsequently be claimed for
- / Damage caused to the vehicle as a result of neglecting service requirements will be charged to you

You can now access information about your service plan and other products online.

GENERAL INFORMATION

Your responsibilities are to:

- / Ensure that your vehicle is serviced at the recommended service intervals, as any servicing costs incurred after the contract period are your responsibility
- / Ensure that the vehicle is in good repair and condition at all times

You should regularly:

- / Check tyre pressures, depth of tread and condition
- / Check all lights and indicators
- / Check the engine oil levels/coolant levels and refill as necessary in between services

You must ensure that you follow the manufacturer's guidelines on oil refills and the quality of oil to use. Failure to do so could significantly impact on the performance of your vehicle in a number of ways, such as:

- / Increase wear or overheating – leading to engine damage which will in time devalue the vehicle
- / Exhaust poisoning – over time the wrong oil will block or poison exhaust catalysts causing the vehicle to fail its emissions and controls test
- / Increase in fuel consumption

Engine failure or damage as a result of using poor quality oil could invalidate your warranty.

We may terminate the agreement if you fail to perform or observe any of the terms or conditions contained in the agreement.

For full details refer to the terms and conditions provided with your agreement at point of sale.
